Attention: Official Draftsperson

Transmitted herewith are four (4) sheets of formal drawings in substitution for the informal drawings originally filed and as requested in PTO Form 948. Please note that in Fig. 1 the lead line for reference numeral 28 has been extended to touch stop member 28. No new matter has been introduced as this is consistent with the lead line for the other reference numeral 28 in Fig. 1 and consistent with the specification at page 5, lines 3-6. Furthermore, please note that in Fig. 3 the raised position of float 74 has been drawn in phantom lines, consistent with the specification at page six, line 23. Again, no new matter has been introduced.

Respectfully submitted,
